Reporter

Give name of Reporter

Heike Imhoff

Give date submitted

2016-03-22

Spatial Coverage

Give name(s) of the Member State(s)

DE - Germany

Give name of the MSFD (Sub)region to which the report refers

BAL - Baltic Sea

Give the MarineUnitID code for the (sub)region which indicates where the measures will be applied.

DE_BAL

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M001-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Neubau und Anpassung von kommunalen Kläranlagen**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

**DE6000,
DE9650**

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

**Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats**

Spatial scope geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

**Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters**

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M002-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Ausbau kommunaler Kläranlagen zur Reduzierung der
Stickstoffeinträge**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

**DE6000,
DE9650**

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

**Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats**

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

**Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters**

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M003-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Ausbau kommunaler Kläranlagen zur Reduzierung der
Phosphoreinträge**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Waste Framework Directive (2008/98/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

**DE6000,
DE9650**

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

**Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats**

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

**Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters**

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M004-WFD

Measure name

Give name of measure

Bau und Erweiterung Abwasserbehandlungsanlagen / Weitergehende Abwasserbehandlung : Ausbau kommunaler Kläranlagen zur Reduzierung sonstiger Stoffeinträge

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

DE9650

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1,
UZO5_5.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication,
D10 Marine litter

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats,
Mammals

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M005-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Optimierung der Betriebsweise kommunaler Kläranlagen**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

**DE6000,
DE9610,
DE9650**

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

**Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats**

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

**Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters**

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M006-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Interkommunale Zusammenschlüsse und Stilllegung
vorhandener Kläranlagen**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

DE6000

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO1_1.1

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D5 Eutrophication

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

**Birds,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats**

Spatial scope geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

**Terrestrial part of MS,
Transitional waters (WFD),
Coastal waters (WFD),
Territorial waters**

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M007-WFD

Measure name

Give name of measure

**Bau und Erweiterung Abwasserbehandlungsanlagen :
Neubau und Umrüstung von Kleinkläranlagen**

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD01 Waste water treatment plants

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M027-WFD

Measure name

Give name of measure

Reduzierung der Nährstoffbelastung aus Landwirtschaft
: Maßnahmen zur Reduzierung der direkten
Nährstoffeinträge aus der Landwirtschaft

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC),
Nitrates Directive (91/676/EEC)

KTM

Give the relevant KTM

WFD02 Nutrients from agriculture

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

DE6000,
DE9610,

Maßnahmen zur Vermeidung oder zum Schutz vor den nachteiligen Auswirkungen durch Verschmutzung aus besiedelten Gebieten, Transport und Bau von Infrastruktur : Maßnahmen zur Vermeidung von unfallbedingten Einträgen

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

WFD21 Urban and transport pollution

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

DE6000,
DE9610

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO2_2.1,
UZO2_2.5

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D8 Contaminants

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

Birds,
Mammals,
Fish,
Cephalopods,
Water column habitats,
Seabed habitats

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

Terrestrial part of MS

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M016-WFD

Measure name

Give name of measure

Maßnahmen zur Vermeidung oder zum Schutz vor den nachteiligen Auswirkungen durch Bergbau : Maßnahmen zur Reduzierung punktueller Stoffeinträge aus dem Bergbau

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

Water Framework Directive (2000/60/EC)

KTM

Give the relevant KTM

MSFD36 Other biological disturbance

WFD reporting areas

For WFD KTM's, give the relevant WFD RBD or sub-unit (reporting area) codes. NOT required for other/MSFD measures

Relevant environmental targets

Which environmental target(s) are addressed by the measure?

UZO2_2.1,
UZO2_2.5

Which environmental target(s) are addressed by the measure?

UZO6_6.1,
UZO6_6.2

Relevant GES Descriptors

Which GES Descriptors are addressed by the measure?

D11 Energy, incl. underwater noise,
D1 Biodiversity

Relevant features from MSFD Annex III

Which high-level elements of Annex III (ecosystem components) are addressed by the measure?

Mammals,
Fish,
Water column habitats,
Seabed habitats

Spatial scop geographic zones

Indicate the coverage of the measure according to the four jurisdictional zones of MSFD Marine Waters (or outside this, either landward or beyond marine waters if appropriate).

Coastal waters (WFD),
Territorial waters,
EEZ (or similar)

Measures

Measure Code

Provide a unique identifier for the measure

BALDE-M426-UZ6-02

Measure name

Give name of measure

Aufbau eines Registers für relevante Schallquellen und Schockwellen und Etablierung standardisierter verbindlicher Berichtspflichten

Link to existing policies

Which existing policies already established under Community legislation or international agreements or nationally does the measure come from?

National policies (specify),
Environmental Impact Assessment Directive (85/337 /EEC),
Habitats Directive (92/43/EEC),
Helsinki Convention,
Convention on Biological Diversity,
Convention on Migratory Species,
Other international policies (specify)

Please specify policies
